

The Big Local C.C.C. Volunteer Form.

As Big Local moves from its planning to delivery of the budget, we can now see just how much is being done by people who volunteer, giving their time and energy to the benefit of their Big Local area. We know that there are a wide range of activities volunteers can participate in to suit their availability, interests and skills.

The Big Local C.C.C. area needs more volunteers to help steer Big Local and be on the partnerships; but being involved in Big Local is about many other things too and there are lots of different volunteer opportunities. Being a volunteer in the community can take up as much or as little of your time, but there is also the benefits it can bring the fun, contacts, challenges and opportunities.
